Furnace Maintenance & Repair Services

YEARLY FURNACE MAINTENANCE

Sign up for yearly maintenance and we will call to book your appointment so there are no forgotten furnace cleanings. Save \$10 per year on your cleaning and receive a discount on any repairs needed while on a maintenance plan.

Our cleanings include:

- Blower fan pulled and cleaned
- Venter motor removed and cleaned
- All safety controls checked and inspected
- Inspect heat exchanger
- Inspect and clean burner assembly
- Clean and inspect all condensate drains
- Inspect all venting components
- Measure gas pressures
- Check gas connections
- Test ignition system
- Clean interior cabinet
- Replace or clean standard 1" filter
- Measure temperature rise
- Test ignition cycle
